

SPRING ACTIVITY SHEETS

In spring, flowers blossom, birds chirp, and the sun shines. Draw a picture of your favorite part of spring!

'Did you know' activity... Draw a line from the fun fact to the image!

Did you know...

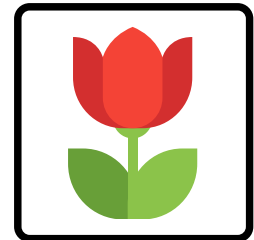

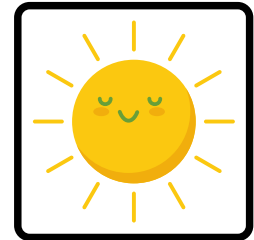

Lots of flowers bloom in spring, including **tulips**.
Draw a line to the **tulip**.

During spring, the **butterflies** come out. Draw a
line to the **butterfly**.

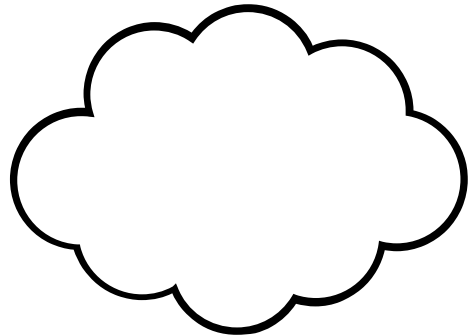

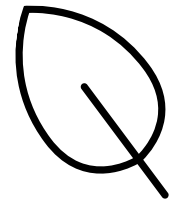

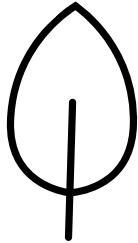

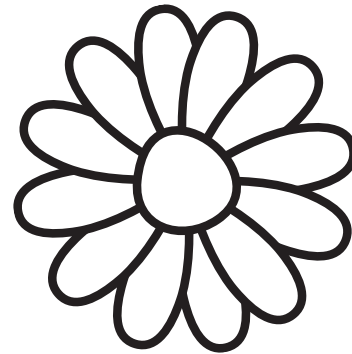

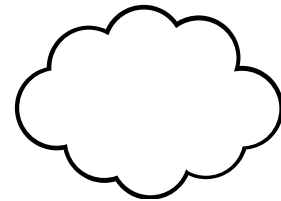

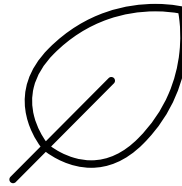

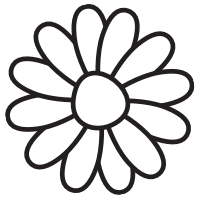

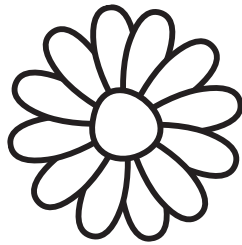

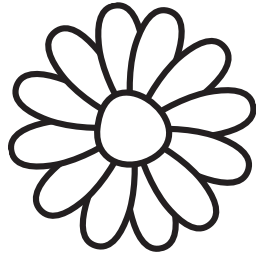

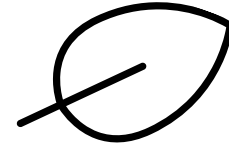

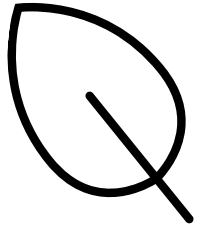

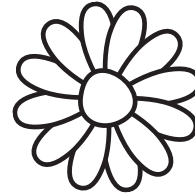

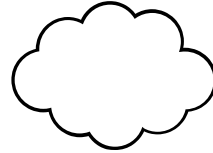

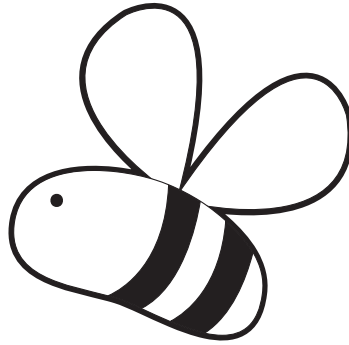

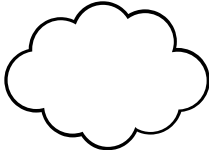

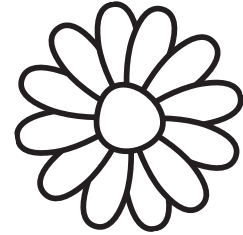

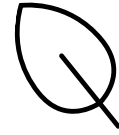

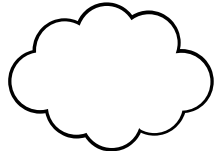

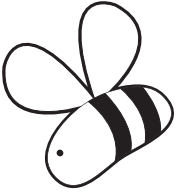

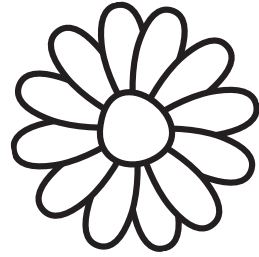

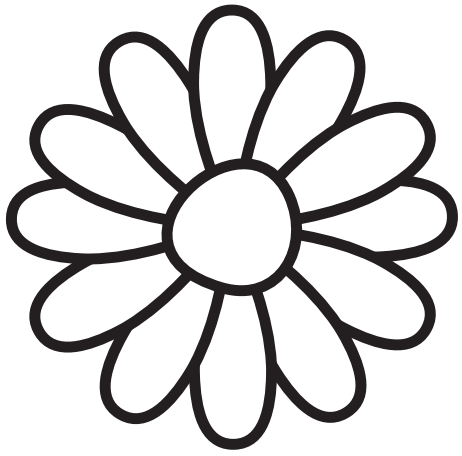

Thunderstorms are common in spring, but don't
be afraid! Rain helps grass and flowers grow.
Draw a line to the **thundercloud**.

The **earth** and all its creatures are celebrated
on Earth Day in April. Draw a line to the **earth**.

During spring, the **sun** starts to shine for more
hours during the day. Plants need
sunshine to grow! Draw a line to the **sun**.

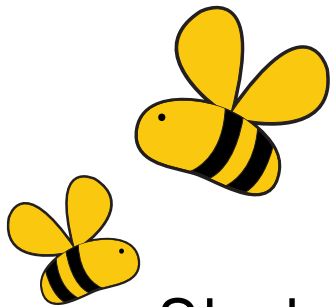

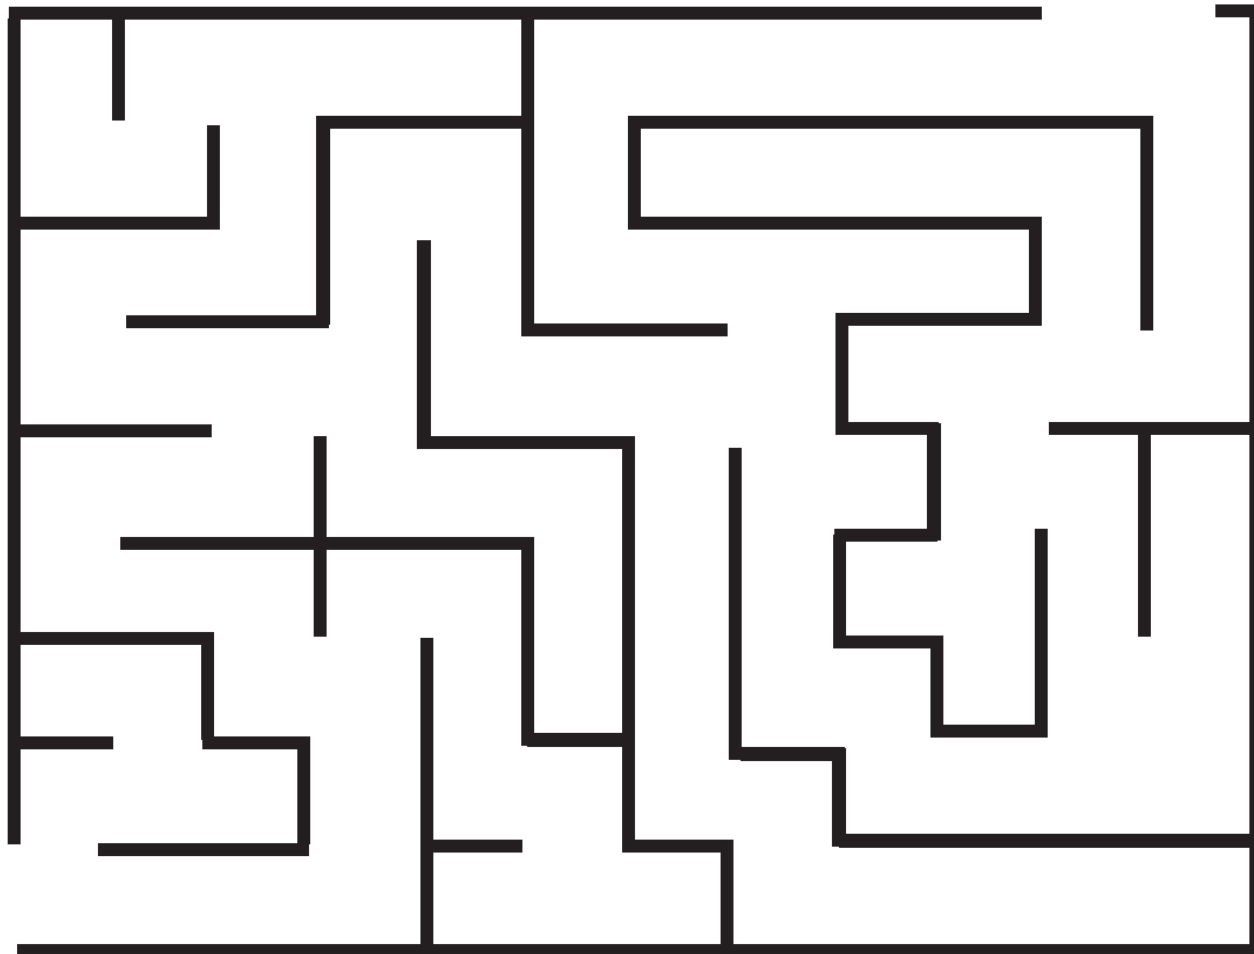

Can you find and color in all the flowers?

Bees get their food from flowers. Some bees collect something called nectar from flowers and bring it back to their families to feed them, too! Help the bee get through the maze to find the flowers!

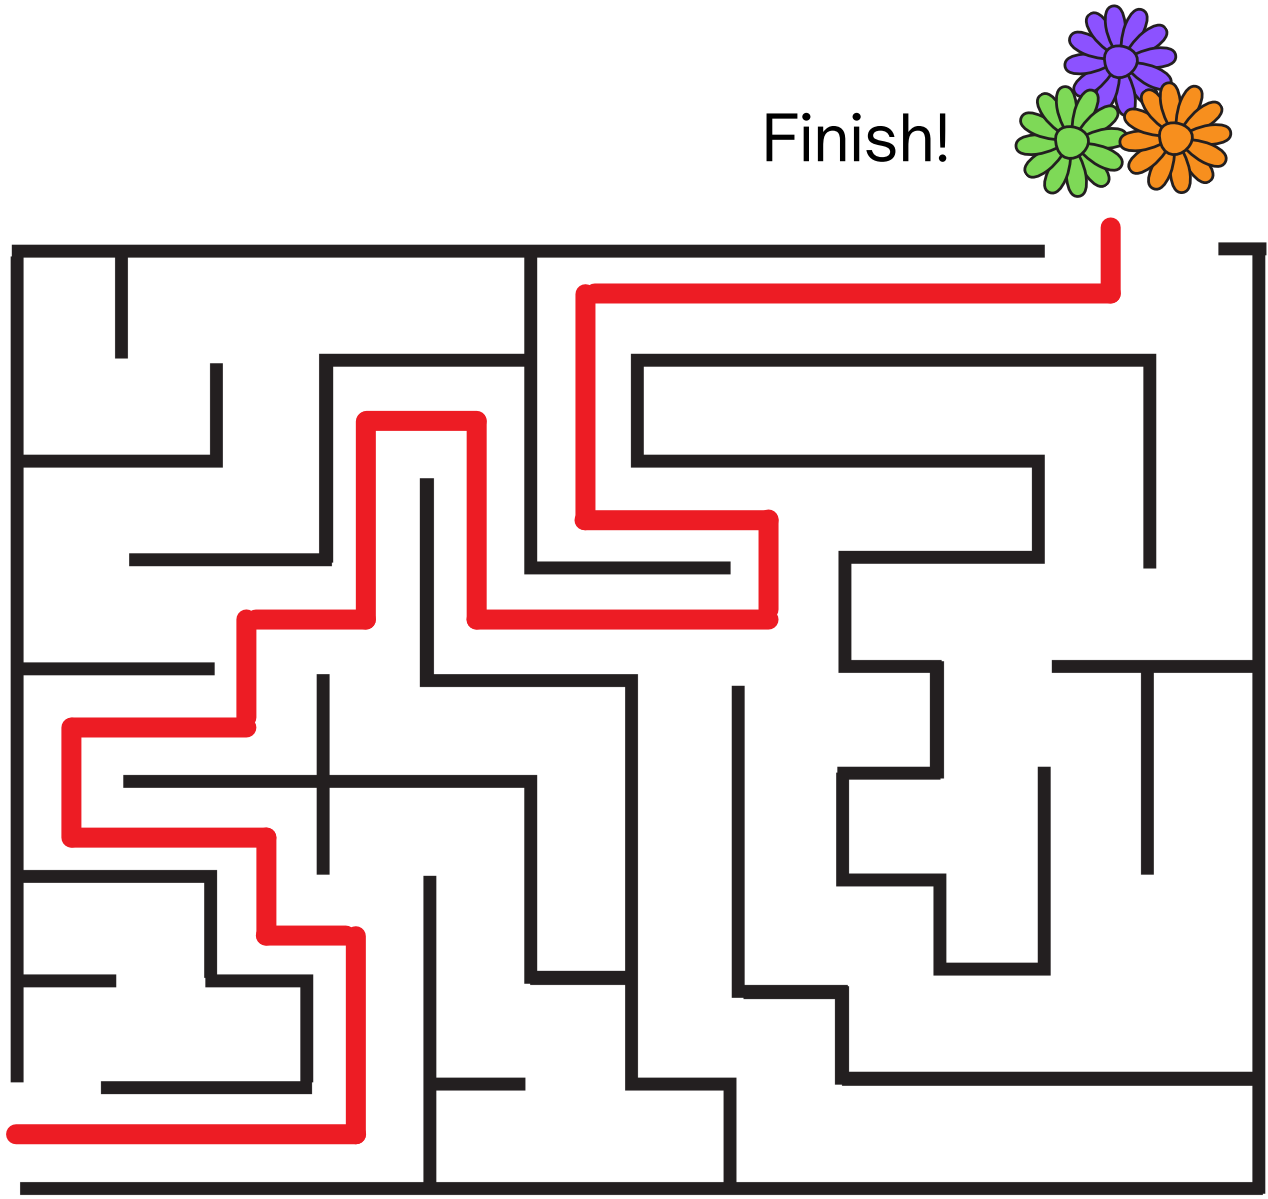

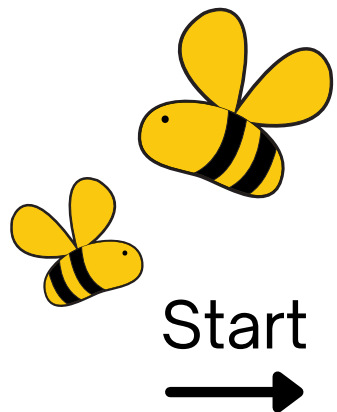

Finish!

Start

Yay! The bee found his way through the maze.
Here's the path he took!

Read the book *One Earth* and then discuss these questions.

Discussion Questions:

How many dolphins were in the book?

How many flowers? How many seagulls? How many turtles?

There are many animals and trees, but only one earth. What are some easy ways you can help take care of the planet?

If you were going to grow a garden, what would you plant in it?

What is your favorite part of the earth?
